## Remarks of the NAAC Coordinator

- As decided in the IQAC meeting, the Triple A was conducted successfully and to be very frank it was like a Mock NAAC visit to each department.
- This gave an insight to all the teachers and staff about what actually NAAC expects from the departments and committees.
- Yes, there were some flaws and preparations required but to be very frank all are in pace with the NAAC requirement from the day the committees or HoDs took the charges.
- As we had frequently conducting meetings and awareness sessions of the NAAC requirements.
- See lot of improvement as far as documentation part is concerned.

Date: 29/21

Name: Mr. Shankar K
