### Remarks of the Principal

- I was eager to know the preparation going on as far as the NAAC work in concerned in our college.
- With the proposal of the IQAC I gave a positive nod to go ahead and conduct the Academic and Administration Audit within the college and also suggested to involve all the staff teaching and non-teaching in the process of Internal Auditing so that they get familiarized with the Accreditation process.
- After the submission of the report we had one more meeting and I appealed the Heads of the Department and Committee Conveners and office staff to work on it and see that all the compliances are taken into consideration.
